D. It is recommended, on Play Days only, when a member rides in another member’s private cart, our Club asks that you pay \$10.00 to the private cart owner per 18 hole round. If you are also a private cart owner or have paid the annual, unlimited cart rate to Graeagle

Meadows Pro Shop, the \$10.00 is waived.

E. It is recommended that GMWGC pay the \$10 fee to PWGA/NCGA for new members only.

PACE OF PLAY

Slow play negatively affects both the other players in the slow player's group, who may rush their shots to make up for the slow player, and all players who are following the slow group, who must endure undue delay prior to making their shots. Therefore, the Graeagle Meadows Women's Golf Club has adopted the following Pace of Play Policy, as well as Efficiency Guidelines, using the recommendations of the United States Golf Association (USGA).

PACE OF PLAY POLICY

Rule 6-7 states "The player shall play without undue delay and in accordance with any pace of play guidelines which may be laid down by the Committee" and also specifies penalties for slow play. Please carefully read the following Policy and Guidelines to avoid receiving a penalty.

Allotted Time: Foursomes will be required to play an eighteen (18) hole round in **no more than 4** hours and 30 minutes, which is an average of 13 minutes for par 3s, 15 minutes for par 4s, and 17 minutes for par 5s. Per USGA's recommendations, each player has a **maximum** of 40 seconds to play her shot (USGA advises players to strive for 20 seconds). The timing of a player's shot begins when she can play without interference or distraction. Time spent determining yardage, selecting the club, taking practice swing(s) and lining up the shot count as part of the time taken for the shot. On the putting green, timing begins after the player has been allowed a reasonable amount of time to lift, clean and replace her ball, repair her ball mark and other ball marks on her line of putt, and remove loose impediments on her line of putt.

Definition of "Out of Position": A group is out of position if it (1) take more than the allowed time to play, and (2) reaches a par 3 hole and the preceding group has cleared the next tee; reaches the teeing ground of a par 4 hole and the putting green is clear; or, reaches a par 5 hole and the preceding group is on the putting green. (Both (1) and (2) must apply for a group to be out of position.) If a ruling or some other legitimate delay occurs, such as searching for a lost ball, which causes the group to lose its position, that group is expected to regain its position (usually catching up to the group preceding theirs) within a reasonable time.

Breach of Pace of Play Policy: Penalties: The following penalties are recommended by the USGA

for any player in a group who takes more than the allotted time to play a stroke after timing of the player's stroke begins:

Stroke Play: 1 bad timing, warning; 2nd bad timing, 1 stroke penalty; 3rd bad timing, additional 2 stroke penalty; 4th bad timing, disqualification.

Match Play: 1 bad timing, warning; 2nd bad timing, loss of hole, 3rd bad timing, warning, 4th bad timing, disqualification.

PACE OF PLAY EFFICIENCY GUIDELINES

Achieving a better pace of play is not about hurrying. It is about efficiency, which will help you and your fellow competitors, and will add enjoyment to your golf experience (and theirs).

BE READY TO HIT WHEN IT'S YOUR TURN

Determine yardage, select shot and club while others are hitting or while traveling to your ball.

Keep your pre-shot routine short.

Read your putt while others are putting or chipping.

Strive to play within 20 seconds of when it is your next turn.

Move promptly to your next shot.

On the green, place extra clubs (and bag) at the side of the green that is closest to the next tee.

NOTE: In stroke play, there is no penalty for playing out of turn, If others are not ready to hit/ putt and your group is out of position (and you will not have to stand on another's line of putt or chip or be in anyone's way) go ahead and hit your shot or putt, after announcing to them that you will go ahead and hit. (In match play, your opponent may require you to replay the shot).

BETWEEN SHOTS/ HOLES

Return clubs to bag **after driving to the next shot**, when you take the club out for your next shot (8 seconds X 100 shots = **13 minutes saved on the round**).

Record scores at the next tee while others are hitting (to avoid delaying the group behind you).

Be friendly, but save unnecessary chatting for before or after the round, or while waiting for the group ahead to move on so you can hit. (Never delay a shot to finish a story).

USING CART EFFICIENTLY

After teeing off, park the cart between balls (if practical) or drop player “A” off at her ball and proceed to player B’s ball (do not sit in cart and wait to be driven to your ball, unless you cannot walk that far due to a disability).

At the green, park the cart between the pin and the next tee to avoid exiting the green toward oncoming players, which causes unnecessary delay (**on hole #3, part beyond the large pine to the left; on holes #6, 8 and 18, exit the green behind the cart path-side bunker**).

If you are a threesome, help the single cart occupant move her cart, if needed.
